

This is written in the early morning hour and all is quiet outside. No noises or traffic. It is interesting to wait for the sleeping city to awake from its slumbers to begin the new day. If you think otherwise come down some morning and hear your neighbor or your fellow townsman go by whistling to his work and the early morning call of the newsboys on the street. Cameron has a few workers who love the early hours. When the day is well on there is too much to bother and the cross currents of business exactions prevent the normal view of things.

One of the very interesting features of my work is to read each year letters from the children to Santa Claus. The unselfish, frank faith of a little child pressing upon the dear Santa the claims of simple desire. How beautiful this simple belief. It is the same with the grown ups. They too have simple faiths in things that are higher—things a child does not understand, but they have faith and after all we are just grown up children, laughing, crying, playing and working, going whither we do not know, but holding a simple faith.

The most hopeless, hapless, helpless individual in all the world is the unbeliever—the unbeliever in everything that is worthwhile—the individual that does not believe in man; who does not believe in woman, who frowns at ideals; who mocks at faiths; who scorns love as a weakness and who worships at the shrine of Self. He goes his lonely, unlighted way, snatching at gems and discovering that they are only dross when he finds them in his hand. For happiness does not depend on what we wrest from the world. Happiness depends upon ability to enjoy. And we can enjoy the things we have only to the degree in which we are permitted to share them with others.

See that white haired old man, whose step is slow, whose hands are palsied, but whose eyes are bright with a light that is but a reflection of the spark of gladness that nestles in his soul and warms him and makes him content. A grandfather perhaps.

Some place a child is standing at a window dreaming of the generous hearted Santa Claus concerning whom Grandpa has told wondrous stories. How slowly the days creep by for this child. It jumps from its warm bed in the morning and rushes to its mother, with the oft-repeated question: "Is this Christmas mama?" "Why no," says mother, "not yet but pretty soon." "Tomorrow? Will tomorrow be Christmas, mama?" You know how it is. You know if you ever had a child in your home at Christmas time.

What if the road has been hard. Have we not found our reward in a child who runs her fingers through our hair as she snuggles in our arms when the world is soft with its mellow, evening light and the story hour has come? Perhaps there have been days when our tongues were sharp, when our hearts were hard, but whatever venom there may have been on our tongues, is dissolved now, and a song rings in the heart. For Christmas means, "Good Will Toward Men," and good will toward boys and good will towards little girls who stand at windows and dream of Santa Claus.

Come down early some morning, greet and smile at your neighbors who come down to the toil of the day. Cameron wakes early so you will have to get down town long before the sunrise.

Get in your car and drive out into the east country late in the afternoon when the sun is sending its rays through the November leaves. The beauty of the fall colors cannot be described in cold type. An artist might approach the touch and I were a painter of pictures on canvas I would ask nothing better than October leaves and sunshine in the timber lands of eastern Milam County. Soon these leaves will fall and a whole year will go by until the opportunity comes again. If you have not seen the colors you should not delay longer.

Very attractive lighting for the down town area during the Christmas holidays. Texas Power and Light Company is serving well in promoting this display. Christmas trees are on many building fronts with colored

NEW HOTEL PROJECT PRESENTED TO CLUB

LIGHTING OF STREETS FOR
CHRISTMAS UNDERWIT-
TEN BY BODY

Another proposition for a hotel in Cameron has been presented to the Commercial Club.

The club has voted to underwrite the lighting of the principal business streets of Cameron:

Roll call showed the following present: C. S. Peyton, J. D. Dobbins, W. M. Cobb, J. C. Tucker, W. R. Hoover, J. C. Young, F. E. Jackson, George T. Graves, C. W. Lawrence, George Banzhaf, T. A. Fisher, B. T. Harris and Giles Avriett.

Minutes of last meeting were read and approved.

The secretary read a proposition from Mr. Peabody to build a first class hotel in Cameron.

On motion of C. W. Lawrence this letter was referred to a special committee. Also two other similar propositions.

The secretary was requested to turn over the extra copies of East Texas to C. W. Lawrence to potential dairy farmers.

Upon request of R. H. McIntosh the secretary reported a weak place in the "Sap" highway near Ben Arnold which needs attention. This was referred to the good roads committee.

The secretary was requested to investigate the aviation sign situation.

The Christmas lighting of the principal business corners using the lights owned by the Lions' Club was suggested and the club voted to underwrite the movement. This matter was placed in charge of J. C. Young and W. M. Cobb, with power to make all necessary arrangements.

MANY HOMES TO KNOW ELECTRIC COOKING

TEXAS POWER AND LIGHT COM-
PANY STARTS RANGE
SALE IN CITY

Many Cameron homes will be added to the list of those enjoying the conveniences of electric cooking when the Texas Power and Light Company completes its Christmas electric range campaign, according to J. C. Young, manager.

The company is featuring an advanced model all white automatic electric range in five weeks of sales activity, using the slogan "What Mother Really Wants for Christmas" as a keynote of the campaign. The range is equipped with many extras such as kitchen utility clock, salt and pepper shaker, heat control, utility drawer, smokeless broiler pan, all white enamel finish to match the range, and a three-cup electric percolator.

These special electric ranges are now on display at the company's store where the public is invited to come in and see them.

Karhunsari Meets Johnnie Carlin In Rockdale Friday

Wrestling fans are showing a keen interest in the match at Rockdale on Friday night when Henry Karhunsari of Cameron meets Johnnie Carlin, Swedish wrestler who refutes the claims of Karhunsari that he is the middleweight champion.

The match is to be staged under the auspices of the Legion and Karhunsari has put up his belt so that trophy is at stake in the match.

Lights and the show windows are bright and attractive. Really there is nothing quite so effective in decoration as light. Cameron needs better lighted streets and let us indulge the hope that something will be done about this matter in the very near future.

The Baptist are to be congratulated and more especially Chas. McGehee who has promoted a very successful Fellowship banquet with a distinguished jurist and others as speakers. The big thing about a gathering of this kind is the fellowship and the contact. Cameron needs more friendly gatherings. Too often in the past relations have been strained and friendships rent by strife and political turmoil. This is contrary to a greater Cameron spirit. Let every man have his convictions but let us join together in a greater community spirit. Cameron at present has no service club in regular meeting. Cameron needs a service club with restricted membership or classification.

FAMOUS PAINTINGS IN ART EXHIBIT HERE

ANNUAL SHOWING OF PICTURES
OFFERS BEST COLLECTION
IN MANY YEARS

Reproductions of the works of artists of many generations are on display at the Art Exhibit being held at the Ada Henderson School Auditorium this week. The exhibit has been arranged for by the teachers and is open to the public each day. A small admittance fee of ten cents is being charged and this will be used for the purchase of pictures for the schools. Children of the schools are selling tickets and the section selling the largest number will be given a picture valued at \$10.

In the exhibit there are large colored reproductions of the Old and Modern masters. Famous portraits, landscapes, marines and pastoral scenes in the colors of the original canvases are on display. The collection represents the French, Italian, Flemish, English, Dutch, Spanish, German and American schools of art. Among the most famous artists represented are: Gainsborough, Titian, Da Vinci, Terborch, Murillo, Van Dyke, Raphael and many others of the Old Masters, while among the more modern are representative subjects from the brush of Ben Foster, George De Forest Brush, George Innes, Ernest Albert, Frank Duveneck, Gardner Symons, Bruce Crane, William Wyant, Harry Vincent, Robert Wesley Amick and Gustav Wiegand. The collection was loaned to the school by the Colonial Art Company of Oklahoma City for the purpose of raising a fund with which to purchase pictures for the schools. These persons patronizing the exhibit will not only take advantage of an opportunity to see good prints and know something of the masters, but they will also assist in raising this much needed fund.

Phenomenal Sale Is Featuring St. Louis Store For December

A free voting contest with prizes ranging from \$175.00 down to \$7.00 is the big feature of the Mid-Winter Clearance Sale on at the New St. Louis Store for the month of December.

It is believed that no such sale has ever been held in Cameron. It will be of interest to read the circulars and the big double page announcement in this issue of the Cameron Herald.

Manager Chas. Zidell has presented to merchandising here a new and a most interesting sale. Besides the unbelievable low prices on merchandise which he declares are below bankrupt prices the store is giving away some very valuable prizes free, the chief of which is a bed room suite valued at \$175.00 and now on display in the show windows of the store. The doors for this big sale opened Thursday morning December 6.

Borden Plant Will Aid Dairy Industry Says Willard Reese

Willard Reese who is to be manager for the Cameron milk plant, has just returned from Mississippi where he has been studying the industry in one of its greatest centers.

The establishment in Waco of a Borden milk plant will in no way hurt the prospects for success in Cameron, he says, but will help because the entire dairy industry and kindred lines will be developed in this section as result of education.

Mr. Reese says that we hardly realize the advantages we have in this section. The lands in Mississippi are so much inferior to those in Texas that the industry of the people there is magnified many times. With an equal effort here the country could be rich aside from cotton production.

In that state they ship in their feed. Here we can raise all the feed we need for cows.

Prospects are very bright here, according to Mr. Reese who is anxious to begin operation of the plant.

"We have been working on this program for weeks and we are ready and our only desire is to have you attend. There will positively be no admission charge. It is free. In the first place we are prohibited as a Boy Scout organization to make a charge for anything of this nature and in the second place our motto is "we cheerfully and gladly serve the other fellow."

"Don't disappoint us. Be present." After the program Friday night there will be a Scout Court of Honor Meeting at the High School building.

SANTA CLAUS WANTS TO HEAR FROM THE CHILDREN

Santa Claus wants to hear from the little children of Cameron and surrounding country. He wants to know what they desire for Christmas, each little heart, just the thing it desires most. Letters to Santa Claus should be mailed at once to The Cameron Herald. All these letters will appear in the Christmas edition of The Herald. Santa is very anxious to hear from the children so write him at once in care of The Cameron Herald.

FELLOWSHIP BANQUET AT BAPTIST CHURCH

JUDGE WILLIAM PIERSON OF
AUSTIN IS PRINCIPAL
SPEAKER

The outstanding social event of the week was the Fellowship Banquet sponsored by the Men's Bible Class of the Baptist church given Tuesday evening at seven o'clock in the church annex. The occasion was for the fathers and sons of the church and their invited guests.

Places were laid for two hundred persons. The tables were decorated with bowls of yellow chrysanthemums and baskets of autumn leaves were placed about the long hall.

A turkey menu was served by the ladies of the church. With J. H. DuBois, president of the Men's Bible Class, presiding as master of ceremonies the following program was given during the serving of the banquet:

Vocal solo, Miss Inez Evans with Miss Geraldine Slaughter accompanying.

Reading, Mary Frances White.

Vocal Duet, Jack Moore and Earnest Collins.

Reading, John S. Burns.

Violin solo, Miss Imogene Sapp with Miss Gladys Davis accompanying.

Cyrus Miller and Woodrow Cone, representing the sons present gave inspiring talks on the influence of religion in a boy's life and the reasons why boys should attend church and Sunday school. J. H. Sevier, teacher of the Men's Bible Class, was introduced and made an appropriate and interesting talk. Charles McGehee, Superintendent of the Baptist Sunday school and the instigator and director general of the banquet was next introduced and he expressed his gratitude for the excellent attendance.

Moulton Cobb, the next speaker delivered quite a clever address interspersed with jokes on prominent persons present. It was his privilege to introduce the main speaker of the evening, Judge William Pierson of Austin, associate justice of the Supreme court.

Judge Pierson chose as his subject "The Quest of Youth; the Quest of Truth; and How Shall We Play the Game?" He expressed the opinion that this is the age of youth, that we are all seeking rejuvenation. Concerning the quest of truth, Judge Pierson said, "Christian men must rise above the smoke and fog and climb higher into truth."

In answer to the question of how we shall play the game the speaker gave two scriptural references: "Love thy neighbor as thyself" and "Whatsoever ye would that men should do unto you do ye also unto them." From his experience as a judge he said it is hard to reform a criminal by the cold steel of the law. But love as an antidote to crime is a wonderful thing.

The entertainment was brought to a close with the entire assembly singing "America," after which a dismissal prayer was offered by F. J. Beckerman. The Men's Bible Class plans and hopes to make this banquet an annual affair.

The following were in attendance: E. S. Hutcherson, Wm. Pierson, J. H. DuBois, Chas. McGehee, Ray Burke, J. H. Sevier, J. R. Hays, T. L. Randolph, J. S. Childress, C. Miller, F. J. MRS. A. A. BROOKS, 91 PIONEER IS BURIED

RESIDENT OF MILAM COUNTY 70
YEARS SAW HISTORY IN
THE MAKING

Funeral services for Mrs. A. A. Brooks, age 91 years, were held from the Presbyterian church Wednesday afternoon at 3:30 o'clock with the Rev. C. C. Weaver of Houston officiating.

Active pallbearers were Bob McLane, Judd Davis, Robert McLane, Charles Terry, Monte Thomas and John Watson. Honorary pallbearers were R. L. Batte, W. W. Chambers, Ernest Eggert, C. W. Lawrence, L. Wilson and B. P. Atkinson. Interment was in Oak Hill cemetery with Green Brothers in charge.

Mrs. Brooks died Tuesday evening at seven o'clock at the home of her daughter, Mrs. John McLane. She was born in Alabama, May 11, 1837. She came to Texas when she was only a child and has been a resident of Milam county for 70 years. She moved to Cameron in 1865 and has lived here ever since.

She is survived by two sister, Mrs. Cornelia Vogel of Cameron and Mrs. E. C. Barker of Rosebud; two brothers, A. C. Donnelly of Georgetown and Mr. Donnelly of Corpus Christi; two children, Mrs. John McLane and Sam Brooks of Cameron; 4 grandchildren and 9 great grandchildren.

The Presbyterian church choir furnished music for the funeral service, with Mrs. Henry Sapp at the organ. Rev. Weaver in paying tribute to the deceased, named her characteristics as follows: faith in God, love of home, confidence in friends and charity for all. He elaborated these characteristics by saying that she had unassuming but unflinching faith; that she was a woman of tenderest love toward friends, her family, her church and her Savior; that she had untiring devotion; that she was intense in her loyalty; and that she was unusual in her optimism. He declared that her heart is at rest with Him whose she was and whom she served.

SOUTHERN BAPTISTS PLAN TO RAISE \$2,000,000 AS CHRISTMAS OFFERING

Proceeds Will Be Applied Toward Liquidation of the Indebtedness of Home and Foreign Mission Boards and Other Institutions—Sacrificial Giving Is Sought

In probably the largest single extra Christmas cash offering that has ever been sought by any denomination in America, the Southern Baptist Convention is asking the churches affiliated with it to provide a cash thank offering at the approaching Christmas season of \$2,000,000. The proceeds will be applied toward the retirement of heavy debts upon the Home and Foreign Mission Boards and several other agencies of the Convention. Combined debts of approximately \$5,750,000 are now owed by the various Southern Baptist Convention boards and institutions, these debts having accumulated over a period of several years because the regular receipts from the churches have not been sufficient to maintain the work of the various institutions as expanded a few years ago when the churches were supporting missions and benevolences more generously than they are today. A portion of the total indebtedness is bonded

DR. GEORGE W. TRUETT of Dallas President Southern Baptist Convention

and does not have to be paid this year, but \$2,000,000 represents immediate demands upon the boards and institutions, hence the call of the Convention to the churches to provide this large cash sum through a sacrificial Christmas Thank Offering. Over against these debts, however, are combined assets of \$9,000,000, making the call for the large

Christmas gift are Dr. George W. Truett of Dallas, president of the Southern Baptist Convention, and members of the large Executive and Promotion Committees of that body.

Business Men Give Liberally
Indicating the manner in which the Baptist business men of the South are responding to the call for the Thank Offering, a layman in one state has agreed to add \$100,000 to the fund if the Baptists of the South generally respond to the effort, while another business man in another state has announced an unconditional gift of \$50,000. Under the leadership of Dr. J. T. Henderson of Knoxville, secretary of the Southern Baptist Brotherhood, an effort is being made to enlist all the large Baptist business men of the South in making big gifts to this effort. From this source several hundred thousand dollars is expected.

In its appeal for the success of this cash offering, the Executive Committee of the Southern Baptist Convention is asking individual Baptists throughout the South to join in giving sacrificially to this purpose through the elimination of unnecessary giving to one another and making their Christmas gifts to Christ and his causes instead.

The proceeds of the offering will be distributed among the several Convention objects upon the following basis:

Foreign Missions	50%
Home Missions	25%
Relief and Annuity Board	5%
Education Board	2%
Southern Baptist Theological Seminary	2%
Southwestern Seminary	2%
Baptist Bible Institute	2%
New Orleans Hospital	2%
W. M. U. Training School	1%
American Baptist Theol. Seminary	1%
TOTAL	100%

Will Wipe Out Foreign Board Debt

The raising of the full \$2,000,000 objective, it will be seen, will provide \$1,000,000 for the Foreign Mission Board. This, according to Secretary Ray, will make it possible for that board to pay its entire indebtedness, reinforce its American missionary staff to its former standard, restore the 600 native missionaries who were dismissed a few years ago for lack of funds, re-open two hospitals and 235 mission schools, rebuild the Christian literature program and send out 156 trained young people who are anxiously awaiting at opportunity to engage in mission service.

Similar advances will be made in every other department of Southern Baptist work in the event the amount of the offering is raised.

REV WALLACE JONES RESIGNS PASTORATE

WILL TAKE SPECIAL BIBLE COURSE AT T. C. U.—CHURCH HAS PROSPERED

An authoritative announcement was given this paper today of the resignation of Rev. Wallace Jones as pastor of the Christian church here, effective January 1, 1929.

Under his leadership in the past 21 months of his pastorate the church has had 30 additions to local membership, 19 being by primary obedience. Many improvements have been made on the church property such as the purchase of curtains and screens for the Sunday school classes, the beautifying of the church lawn and the purchase of a Rev. Kyle electric bulletin board, besides paving, curbing and gas.

Graded literature was re-introduced in the Sunday school and training of teachers has been stressed, resulting in a few standard training credits obtained by some of the teachers, and for the first time a teacher from the Cameron church has attended a Worker's Training Conference in Ft. Worth.

Large groups have attended the annual District Missionary Rallies, where therefore there had not been a single representative from Cameron.

Mrs. Jones has also worked untiringly. She has directed most of the special programs including two long plays, "The Japanese Wedding" and "The Birth of Christ." She served as head of the Junior Department in the Community Vacation Bible School both years. Rev. Jones has been secretary of the Pastor's Association during most of his residence here, having been elected at the resignation of Rev. J. H. Garrett. Both Rev. and Mrs. Jones have co-operated in every civic work or inter-denominational plan in whatever capacity they were needed.

Rev. Jones is accepting half-time pastorates so that he may have time to devote to a special Bible course in Texas Christian University. After holding meetings in his new pastorates during the month of January, they will move to Fort Worth where Rev. Jones will enter T. C. U. the first of February.

TEACHING GEORGIA MOUNTAIN TOTS, MARTHA BERRY WINS \$5,000 ACHIEVEMENT AWARD

The following interesting life sketch will be of interest to the people of Cameron. Miss Martha Berry is a cousin of Mrs. Pearl Clement of Cameron. Miss Berry has received the \$5000 award from the Pictorial Review for the most distinctive contribution to American life in 1927:

After twenty-seven years of hiding her light under a bushel, Miss Martha Berry of the Berry Schools, Rome, Ga., is now receiving merited acclaim. For this year in the opinion of the committee of distinguished men and women, she has been awarded the 1927 Pictorial Review annual achievement award of \$5,000 to the American woman who has made the most distinctive contribution to American life in the field of science, art, letters or the social sciences.

It was just twenty-eight years ago that Miss Berry started her work among the poor white girls and boys of the Southern mountains.

In a cabin in her father's estate she began to teach Bible lessons to a poor little boy and girl from a neighboring cabin. The news of what she was doing soon spread to other cabins, and in no time she was forced to build a larger cabin in Possum Trot, a clearing in several thousand acres of timberland belonging to her father. Visiting the cabin families of her pupils, Miss Berry saw the poverty and ignorance of these people, in whose veins ran the blood of some of the finest families in America.

Thus it was that Miss Berry resolved to turn her Sunday school into a regular school, where she could teach these poor children to read and write. Out of this grew a school where the boys could live and learn not only to read and write, but also farming and carpentry and other crafts which would enable them to make a living for themselves.

Berry Schools Trust Created
In founding the Berry Schools Miss Berry created a trust and deeded to this trust 4000 acres of land which her father had given her. In addition she has devoted all of her private fortune to it. Gradually the school grew from a few thousand acres and a cabin schoolhouse and twenty students to 10,000 acres, stone structures and several hundred boys.

Realizing that the boys were forging far ahead of the girls whom they would some day marry, Miss Berry decided to start a school for girls. Through the help and patronage of Theodore Roosevelt when he was President, Miss Berry was able to interest philanthropists who were generous in their donations to educational institutions and who helped her to start a school for girls as well.

Today there are 1000 girls and boys at Mount Berry who are working their way through high school and even to junior college educations. Aside from their academic courses, they are learning scientific agriculture, chemistry, electrical engineering, spinning weaving, home economics—in fact, all of the arts and crafts which will permit them to return to their homes and institute a new order of light where darkness and poverty had once reigned.

Seven thousand boys and girls have

gone out from this school, not one of whom would have had an education if it had not been for Miss Berry. Through her consecration to a high purpose she has sent out 3000 scientific farmers, 350 teachers for the rural schools, a large number of ministers and nearly a hundred trained nurses. Many of her pupils have worked their way through the higher colleges and are now practicing lawyers, doctors and engineers.

And yet, Miss Berry is not contented. He says she will never rest until the day when there will be a senior college both for boys and girls and room in her schools for every child in the Southern mountain districts who wishes an education and who otherwise will be unable to fulfill that wish.

Mrs. Robbins Injured In Train Wreck

Mrs. Kathryn K. Robbins attended a meeting of the State Text Book Commission in Austin last Wednesday. Mrs. Robbins was on the train that wrecked near Hutto and she suffered a minor injury when the ligaments in one foot were torn loose. She was asleep in the last Pullman and the force of the impact when the two trains crashed threw her against her berth, causing the injury.

She went from Austin to San Antonio, where she attended a meeting of the Texas State Teacher's Association, returning to Cameron Monday night.

Martha Crouch, 5, Seriously Injured; Struck By Auto

Martha Crouch, 5 year old daughter of Mr. and Mrs. L. B. Crouch is in the Cameron Hospital suffering from internal injuries received when she was struck by a car Friday morning at about nine o'clock.

According to eye witnesses, both wheels passed over her body and she was dragged about the length of the car.

The big thrill will
come a year from now

There's a bigger thrill in looking at a set of tires that has been on your car a year or two than any new set ever offered.

Then you know you have enjoyed a greater economy, by spreading your original investment over the greatest number of miles, than the man who saved a few dollars on "first cost" but has bought several times since.

There, is the soundest kind of reason why car owners are swinging to Generals everywhere . . . because General is the kind of tire you can check up on a year or two years from now and prove to yourself that your cost per mile of service has been considerably less.

"XMAS"

Now that Christmas is just around the corner again one expects to encounter the abbreviated "Xmas" in many places, and hear many complaints and protests from those who object to this shortening of the word "Christmas."

One objection to shortening Christmas to Xmas is the pitfall of pronunciation. With the use of the brief form has grown a tendency to read it "Exmas," an unpardonable barbarism. So pronounced, the word is quite open to the criticisms of it which clergymen and others have expressed.

X, however, as an abbreviation of Christ, has a history as old almost as Christianity. In catacomb inscriptions it stands for Christos the first letter being chi. The letter X, the English equivalent of chi meaning Christ, has the sanction of ancient usage unquestionably.

Dictionaries and encyclopedias include Xmas among the abbreviations of recognized standing, also Xn for Christian. They do not stigmatize it as colloquial or vulgar. Still, there is a feeling for words that impels most persons with a verbal conscience to spell Christmas out in full. To many Christmas is a beautiful word, while Xmas is not.

On the score of good taste the appeal for the disuse of Xmas is persuasive. However circumstances can alter cases. Certainly not even the ministry object to use of the contracted form in the newspaper headline, where space is as precious as it was on the tablets of the catacombs.

Xmas is a respectful term to those who look upon the X as symbolic of the Christian cross, and it is unlikely any would object to its use if this symbolism were universally recognized.

GROWTH OF CHRISTIANITY

Religious controversies precipitate vague reports that the church-going population was in rapid decline. That the contrary is true is not known better than by the millions of church members in the United States.

An eastern clergyman discloses that at the time of the American Revolution there was only one professed Christian in Princeton University and two in Harvard University. Today nine-tenths of the university and college students of both sexes are members of some Christian church.

Diminishing church rolls are almost unknown in the United States, while millions of dollars are expended annually for new church edifices in the cities, towns and rural sections of the country. Every denomination is annually reporting increased national memberships.

Evidence of the stability of the church in America may be found in the general financial status. There has been a decisive increase in the salary standards of the ministry. Church buildings are better maintained and more luxuriously furnished. A few years ago only the most exclusive city churches could afford paid choristers, pipe organs and skilled organists. Today these are not uncommon in the smaller towns and are customary in the smaller cities.

Whatever the present ecclesiastical debate may have done for good or evil, it manifestly has not detracted from church attendance.

FRUIT CAKE

Ma's makin' fruit cake. Don't dare to get under my feet now, for her mind is on candied citron peel and spice and how many cups of flour and just the right proportion of brown sugar.

Fruit cake has the delightful quality that the older it is, the better it tastes. They bake it with paper wrapped on—womenfolk are laughing at this description, but never mind—the whole house smells of fruit cake all the evening.

Just the top of a fruit cake, with its little hills that hide nuts in show and little upsticking bits of cherry or raisin, its mysterious valleys that are full of sweet congealment, its browned crustiness—oh, gee Ma, can't we have just one piece apiece tonight and make the rest do for Christmas?

Ma is firm. She has had these sumptuary supplications before and she knows how to be firm when firmness

is required. The fruit cake is the first thing she prepares for Christmas dinner, just as it is the last thing to be consumed.

And the best part of it is, that usually when you come to the fruit cake part of the main Yuletide meal, you're so full that there's no room for as much fruit cake as you'd like to eat, and so there's always enough of that, at least to bring the New Year's dinner to a fitting and fine conclusion.

The humble post card is a good medium of community publicity if used with care. If every citizen would distribute a few good local scenes among his friends and relatives in other parts of the country, he would do a helpful piece of work in bringing his home district to the attention of the outside world. To be of value distribution must be of interesting, local pictures—streets, growing crops, livestock, etc. we lately received from a rich alfalfa growing section in the middle west a post card picture of the Pantheon. It readily will be seen that an alfalfa picture would have been a much better advertisement.

Until the radio came we did not know there was so much good music in the world—nor so much poor music. One blessed thing about the radio—if the music doesn't suit, we can tune out.

A bond of sympathy should exist between editors and preachers. Every editor knows that some weeks the thoughts will not come and after he looks over a week's work in the columns of his paper he finds little that he feels like commending. He knows when his preacher delivers a sermon of less merit than usual that it was an off week with the preacher. It is the exceptional editor, columnist or preacher who can bat 1000 every week in the year.

Casus belli: A rather small world containing numerous very large appetites.

If he has begun to think he looks distinguished, he is a little past 40.

The hardest job a kid faces is that of learning good manners without seeing any.

Still, an intellectual doubtless enjoys life when nobody is about to watch him sneer.

Virtue is relative. Most of the people who boast of their self-control haven't much to control.

Still, the man who knows it all wouldn't be objectionable if he'd keep it to himself.

Which are smarter, girls or boys? Well, which are more successful at dodging work through life?

Man's three ages: Hates work; works cheerfully as a matter of duty; wishes he could work.

Trade Briefs

Rich and rare are the collection of gifts at the George A. Thomas and Sons Drug Store. This week the store has received additional shipments of goods and the beauty and the appropriateness of the goods are increased. The stock as usual is wonderful but this year one finds in this selection some rare pieces that cannot be described here. To appreciate them you must see them and as Rush A. Thomas will be more than glad to have you call at the store a visit to this big display will be a real treat. In this issue will be found an announcement from the Thomas Store.

Albert Schiller of the Schiller Motor Company will soon have on display one of the new Pontiac six cars. Keen public interest is being shown in the announcement of the company that a new Pontiac is to be marketed. In this issue will be found an announcement regarding the new six.

J. F. Brown has an announcement in this issue that will be of interest to builders. Mr. Brown has just received contract to build the Hubert Hefley addition to his present build-

ing. This will be one of the most attractive buildings in the city when completed. Mr. Brown is a master builder and believes in advertising. It has brought him results.

C. N. Green and Brothers this week have an interesting announcement from the grocery. Automobile tires are being sold by this store also. The Majestic radio set is being urged and Mr. Green reports many sales. The big toy department of the store will be open in a few days.

The New Cameron Drug Company presents an inviting atmosphere with the Christmas decorations and the generous display of gift goods. Joe Denson says the line will be larger than usual this year.

Dusek's Pharmacy is featuring a line of Christmas cards this year that are far above the average display.

Cameron Furniture Company presents a great display of furniture and gift goods for the holiday shoppers. James L. Coleman, is decorating the store and getting things in order for the big Christmas rush.

The R. H. Johnson Jewelry Store will have the greatest display in recent years for the Christmas shoppers. In this issue will be found an announcement of much interest to the buyers of Christmas presents.

Cheever Brothers in their big stock of merchandise are offering gifts of practical value. This big store now has on a follow up sale presenting bargains that are causing much comment and stimulating buying.

S. E. Brogdon, agent for the Southwestern Life Insurance Company, won a turkey for Thanksgiving. The national bird was given to him by the company for having presented a specified number of applications for life insurance within the week. The company gave away hundreds of turkeys to agents over the state at Thanksgiving. Mr. Brogdon is one of the live wire agents of Texas, representing a Texas company for Texas people.

Pierce and Bradbury will have the usual display of practical gift goods this Christmas. In dry goods and gift packages the store will be a valuable aid to the Christmas shoppers this year.

More room has been given the Citizens National Bank in the remodeling of their building. This big strong bank may some day in the not distant future erect on this site a building that will do credit to the city and to the interests of the bank. However, no plans have been announced for such a venture and the management may not be thinking about the matter, but other people vision for this bank a great structure on this site. With the remodeling of the banking room additional room is given to transact the increasing business of the bank.

Self-Righteousness

The Rev. O. R. Miller of Albany, was talking about modern youth.

"Modern youth, I know, is terribly self righteous," he said.

"A young idler called on a millionaire and told him nonchalantly that he wanted to marry his daughter."

"The millionaire got ready to read this young fellow a lecture on idleness and began:

"Young man do you know how I made my money?"

"Yes, oh yes," said the young man, "but I can't allow that to stand in the way of Lotta's happiness."

Lesson for December 9

PAUL GOES TO ROME

LESSON TEXT—Rom. 1:8-15; Acts 27:1-28:31.

GOLDEN TEXT—I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth.

PRIMARY TOPIC—Paul and a Storm

JUNIOR TOPIC—Paul's Voyage to Rome.

INTERMEDIATE AND SENIOR TOPIC—Paul Makes the Most of Circumstances.

YOUNG PEOPLE AND ADULT TOPIC—Divine Leadership in Paul's Life.

I. Paul's Longing to See the Romans (1:8-15).

Rome was the center of the world's power and influence. Paul longed to visit that metropolis with the gospel so that it might find its way from that center to all parts of the world. He had a twofold object so far as the Roman church was concerned.

1. That he might impart unto them some spiritual gift to the end that they might be established.

2. That he might be comforted by their fellowship. There is a reciprocal relationship between the minister and the people unto whom he ministers.

II. Paul's Voyage to Rome (Acts 27).

1. The ship (vv. 1-6).

It was a vessel of Alexandria sailing from Myra to Italy.

2. The company (vv. 1, 2).

Two of Paul's friends, Aristarchus and Luke, were permitted to go with him. Besides these three, there were two hundred and seventy-three in the ship (v. 37).

3. Overtaken by a storm (vv. 7-20).

Paul had advised that they winter in Fair Havens (vv. 9-12), but his advice was unheeded. The gentle south wind deceived them so they loosed from Crete, only to be overtaken by the tempestuous wind called Euroclydon.

4. Paul's serene faith (vv. 21-26).

(1) His rebuke for failure to heed his advice (v. 21).

(2) Pledge them of good cheer (v. 22).

(3) He promised safety (v. 23).

(4) The source of his information (vv. 23, 24). It was revealed unto him by the angel of God.

(5) The reason for Paul's faith (v. 23).

"Whose I am and whom I serve." The consciousness of having been chosen by God and being engaged in His service enables one in the midst of the most violent storm to rest in God.

5. The ship's crew all safe on land (27:27-28:10).

This was exactly as the Lord had said.

(1) The hospitable reception by the natives (28:2).

They built a fire and made the ship wrecked people as comfortable as possible in the cold and rain.

(2) Paul gathering sticks for the fire (v. 3).

(3) Paul bitten by a poisonous serpent (v. 3). Among the sticks gathered there was a serpent. Perhaps it had already coiled itself up for its winter's sleep, but when warned by the fire it darted at Paul and fixed its fangs upon his hand. At first the natives thought that he was an escaped murderer and that retributive justice was being meted out to him. When they saw he was unharmed they concluded he was a god.

(4) Paul heals Publius' father (vv. 7-10). Paul now reciprocated the kindness of these people.

III. Paul's Arrival at Rome (28:11-16).

Brethren from Rome came some forty miles to meet him. This greatly encouraged him, for which he gave thanks to God. His desire to preach the gospel at Rome was now realized.

He was treated with great leniency, being allowed to hire a house and live apart, except that he was constantly under the guard of a soldier. Being chained to a soldier was irksome, but it gave him a chance to preach to the soldiers, which he could not have done in any other way.

IV. Paul's Ministry in Rome (vv. 17-31).

1. His conference with the leading Jews (vv. 17-22).

He did not, as usual, wait for the Sabbath day to speak to the Jews, but after three days' rest he called the chief Jews together because of a desire to have a fair understanding with them. The result of this interview was that the Jews took neutral ground.

2. Paul expounding the Kingdom of God and persuading concerning Jesus (vv. 23-31).

He pointed out a real kingdom, the Messianic Kingdom, with the historic Jesus as King.

Prayer

Prayer is the great lever of the spiritual life; nay, to speak in various figures, it is the tang by which it breathes, it is the atmosphere in which it floats, the wing by which it speeds its flight, and the language by which it daily communes with its own Original.—W. Knight.

The Richest

He is richest who possesses most of "the mind that was in Christ Jesus."—Southern Methodist.

MARVEL BATH HOUSE DESTROYED BY FIRE

MANAGER CULVER BURNED
BADLY IN RECENT MIS-
HAP HERE

M. K. Culver, manager of the Marvel Hot Baths at Thorndale was taken to a Taylor Hospital Friday afternoon to recover from severe burns about the head, face and arms, sustained when he narrowly escaped death in a fire that destroyed the Marvel Bath house about 3:30 o'clock Friday afternoon.

The building which housed the Marvel Hot Baths is about a half mile east of Thorndale on the Thorndale-Rockdale highway. It has been a health resort that has attracted people from all parts of the state.

Mr. Culver had just completed giving a bath and had stepped outside when he saw smoke coming from the building. He rushed back in at the front door and opened the door into the bath rooms, when the flames burst out, covering him. Not realizing that he was badly burned, he tried to extinguish the flames with a fire extinguisher. When he saw that he was unable to do this he ran to the telephone, but says the telephone was out of order. A road contractor, who was working near by, saw the fire and came to town for the fire department, but when the firemen arrived the building was enveloped in flames and they were unable to put it out.

Mr. Culver believes the fire started when one of the kerosene lamps in a sweat box exploded. The damage was estimated at \$3500, which was partly covered by insurance.

Mr. Culver was given first aid by a Thorndale physician and then carried to Taylor.

Plans are already being made for the rebuilding of the bath house. He said that as soon as he was able he intended to visit several of the health resorts and hot wells over the country and get some new ideas and return not later than January first and start building on the hill, a few hundred yards from the well. His intentions are to build a much larger and more modern place than the one which burned.—Thorndale Champion.

YOUTH RIDING BICYCLE FROM NEW YORK TO BRAZIL VISITS IN MERIDIAN; TELLS OF TRIP

Riding a bicycle from New York city to Rio de Janeiro, expecting to complete the trip within two years, J. Lalanne, 23 years old, visited Meridian Monday, en route to New Orleans.

Lalanne speaks 5 languages, French, Italian, Spanish, Portuguese "and a little English." He was born in France. When three years old his family moved to Mexico. He attended schools in Mexico and completed his education in New York City.

Lalanne is making the trip for the purpose of gathering information for a book. He will cooperate with Luis C. Sepulveda correspondent for Central and South American newspapers in writing of his experiences and upon the life and customs of the various peoples.

Averages 100 Miles a day

The young man left New York, October 15. He has a book in which are contained greetings from various embassies in Washington, D. C. and from high officials to leaders in the countries he will visit. In each city, he tries to obtain the signature of the mayor. He makes his expenses through the sale of postal cards which bear his picture and tell the tale of his mission.

Lalanne stated that he rides about 100 miles a day. He usually leaves early and stops at sundown. He made the ride from Birmingham to Livingston in 16 hours. Coming to Meridian he experienced the first puncture of the trip. He did not regret it, he said for he had something else to remember Meridian for, the interest of people in his mission.

Will Carry Trinkets

Speaking of the journey ahead, Lalanne mentioned that money has no value among the Indians of Central America and that he will take along for these quite a number of trinkets. These will be he explained, very interesting novelties from the five and ten cent store. Making gifts of these he will be able to make peace with the tribes and assure them that he will be given the right directions toward the next country to be visited.

From New Orleans he will go to Houston, San Antonio and into Mexico then to Guatemala, Honduras, San Salvador, Nicaragua, Costa Rica, Chile, Argentina, Uruguay and Brazil. Asked if he was able to make expenses thru the sale of cards he said he had managed to do so to date. After completing the trip he will return to New York by boat and join Mr. Sepulveda in preparation of the book.

PAUL AND HIS FRIENDS

LESSON TEXT—Acts 20:36-38; Rom. 16:1-4; Phil. 2:25-30; Philemon.
GOLDEN TEXT—A friend loveth at all times.PRIMARY TOPIC—Paul Writes a Letter to Philemon.
JUNIOR TOPIC—Paul's Letter to Philemon.INTERMEDIATE AND SENIOR TOPIC—Paul as a Friend.
YOUNG PEOPLE AND ADULT TOPIC—The Place of Friendship in the Christian Life.

I. Paul Praying with the Ephesian Elders (Acts 20:36-38).

This incident reveals the real spirit of fellowship which had developed between Paul and the elders of the church at Ephesus. Knowing the seriousness of his mission to Jerusalem and the probability that he would never see them again, he asked these elders to meet him at Miletus, that he might give them the proper instructions so as to enable them to meet the issues which confronted them. Before leaving them he knelt down and prayed with them.

II. Concerning Certain Ones at Rome (Rom. 16:1-4).

1. Phoebe commended to the Christians at Rome. Phoebe was a Christian woman from the church at Cenchrea who was making a visit to Rome. Her business is not defined, but it was such that he could ask the Christians not only to receive her, but to render to her the proper assistance therein.

2. He asks that the Christians greet Priscilla and Aquila (vv. 3, 4). The ground upon which this greeting was urged was their own loyalty to himself.

III. Concerning Apaphroditus (Phil. 2:25-30).

Not being able to revisit the church at Philippi, Paul sent his friend Apaphroditus to minister to them.

IV. Paul Writes to Philemon.

Philemon was a member of the church at Colosse. Onesimus, his slave, wronged him; perhaps stole from him and fled to Rome and there came under Paul's influence and was converted. Paul sent Onesimus back to Philemon with this letter. This is one of the most tender and beautiful letters ever written and the first anti-slavery petition ever penned.

1. The salutation (vv. 1-3).

His aim was to touch Philemon's heart; he, therefore, refers to himself as a prisoner and links Philemon to himself as a fellow-laborer in the gospel of truth.

2. Philemon's reputation (vv. 4-7).

(1) His faith and love toward the Lord and all the saints (v. 5).

His earnest desire was that this faith bear fruit in Christ Jesus.

(2) His ministry to the saints (v. 7). Philemon generously ministered of his substance to the poor saints.

3. Paul's request (vv. 8-10).

He requested Philemon to receive back Onesimus, the runaway slave, as a brother in Christ.

(1) Beseeches instead of commands (vv. 8-10). Though conscious of his right to enjoin, he pleads as a prisoner of Jesus Christ, for love's sake.

(2) He pleads on the grounds of grace (vv. 11-14). He admitted that Onesimus had been unprofitable, had forfeited all claim upon Philemon, and that on grounds of justice his plea might well be rejected, and yet, because Onesimus was begotten in his bonds (v. 10), was in a real sense part of his own suffering nature (v. 12), he ventured to suggest that he should be accepted.

(3) Paul desired that Onesimus be received back, not as a slave, but as a brother in Christ (vv. 15, 16). Here is the real fugitive slave law. Paul never attacked slavery, though it was contrary to Christianity and therefore hateful to him, but emphasized the principles which destroyed it. The wise thing to do is to get men and women regenerated and thus transform society, instead of seeking change by revolution.

4. The basis upon which Onesimus was to be received (vv. 17-21).

The debt of guilty Onesimus to be put to the account of Paul and the merit of Paul to be put to the account of Onesimus. This is a fine illustration of the atonement of Christ. Whatever wrongs we have committed, debts incurred—all our shortcomings are debited to Him. Jesus Christ, on behalf of the whole universe, said to God, "Put that to my account." Onesimus was taken back, not as a runaway slave, but as a beloved brother in Christ.

5. Paul requests lodging (vv. 22-25).

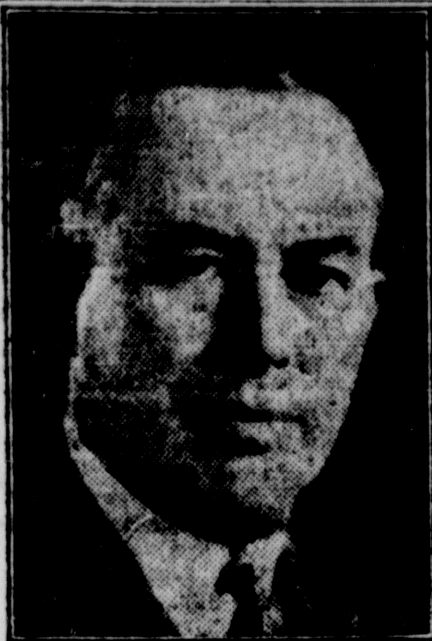

He expected a speedy release from imprisonment and purposed to sojourn with Philemon. What a welcome he must have received!

What They Realize

Children may not understand all the readings used nor thoughts expressed in the family worship hour, but they do feel that this is a time when the whole family enters a holy place. God is made real, and family life is made a part of His plan and a thing within His care.—The Mainland Messenger.

Good Company

There is always good company on the highway of God.

E. T. STRONG
President and General Manager
BUICK MOTOR CO.

DETROIT, Nov. Praising Detroit newspapers and officials of the city for the safety campaign which recently has been waged against speeders and reckless drivers here, E. T. Strong, president of the Buick Motor Co., has expressed the hope that a similar program might be carried out in every city, town and hamlet in the nation.

Messages are being sent to the more than 4,000 Buick dealers throughout the country, each of whom will be urged to get behind such a movement in his district.

"The fact that some communities have accomplished so much in the humanitarian work of avoiding traffic casualties is conclusive proof that the campaign can be carried to a successful conclusion everywhere," Strong declared, "and the Buick Motor Co. pledges the fullest cooperation of its giant resources in working to this end."

"The automobile no longer is a luxury—it is a necessity, and much of its immense value to the world is being perilled by those who use the streets as speedways and those who drive without due care in the crowded traffic of the present era."

That the problem is a big one, Strong is certain, but he is equally certain that with the proper cooperation of all concerned the streets and highways can be made safe and the value of the automobile for business and pleasure consequently increased.

Over 530 miles of Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association for the annual sale which starts tomorrow. The seals this year show an ancient galeon with a red double barred cross on the main sail and the words, Christmas Greetings, 1928.

The proceeds from the sale of these seals finance the work of the Texas Public Health Association and their 23 local affiliated associations.

Over 100 volunteer chairmen have been secured to sell seals in their localities and in counties where no organization occurs. The public is offered an opportunity to secure seals by mail.

Last year the State Association reached over 100,000 persons in their

State-wide Educational Campaign. A great deal of attention is being paid to health work in schools, consisting of health educational work and the examination of pupils by registered, Public Health Nurses. Tuberculosis clinics have been held in several counties. Special effort has been made to reach all races.

In 1929 it is expected that a continuation of our present program will be carried on, increasing the clinic

work wherever possible. Dr. Z. T. Scott, Executive Secretary, stated that the deaths from tuberculosis had been reduced over 50 per cent since the first campaign against tuberculosis and that we are now on the last half of the fight and the efforts must be continued. He also stated that tuberculosis was still the major cause of death in the age group—15 to 25—and that special work must be done with this group.

28 Years Ago

The young people of our city had a delightful entertainment at the home of Mrs. O. C. Zavish on Wednesday evening of last week. Refreshments were served and a feature of the occasion was the delightful music furnished by the string band.

W. J. Tidwell left with his family last Saturday for Caldwell where they will continue in the hotel business. For more than two years Mr. Tidwell had charge of the Crescent Hotel in Cameron and made many friends while with us. He was a confederate soldier in the Virginia army and is a courteous, high-toned gentleman. The people of Caldwell have added to their ranks a good citizen and a staunch democrat.

It is reported that the Cooper Grocery Company of Waco has purchased the business houses of R. S. Porter in Cameron and will in a few weeks establish a wholesale branch grocery house here. This business will occupy an entire block.

Last Thursday afternoon at five o'clock Mr. Walter Nelson and Miss Neppie Robinson were married at the Presbyterian church in Cameron. Rev. John Nelson of Waco, brother of the groom, performing the ceremony. The church was beautifully decorated and a large number of friends were present to witness the happy event. The attendants were T. A. Robinson with Miss Susie Pope, H. McGregor with Miss Olivia LeSour of Georgetown, Prof. Carroll of Georgetown with Miss Margye Robinson, sister of the bride and maid of honor, Andrew Perry of Rockdale with Miss Mo Kemp. Messrs. Moore and Carroll served as ushers. The bridal party left for Waco that evening where they spent several days. The groom is a graduate of Southwestern University at Georgetown and is a young man of bright promise. He is a member of the law firm of Nelson and Little and will win his way to success in his profession. The bride is a native of Milam County and belongs to one of the oldest and best families. She is beautiful and accomplished and is a general favorite in society here.

Giles Avriett, J. M. Ralston, F. A. Black and M. M. Kemp returned Thursday of last week from a duck hunt on the coast. They found plenty and killed more than 100 ducks.

W. A. Nabours has rented the Crescent hotel and the building will be removed and repaired, making it one of the neatest and most comfortable hotels in the county. Mr. Nabours proposes to furnish his tables with the best the markets afford and cordially invites his friends to call on him when in Cameron, assuring them that he will do his utmost to serve them acceptably, both with meals and lodging.

Last Saturday a crowd of children chartered by Mrs. J. M. Bauknight, enjoyed a picnic on Bear Creek. The children ran about in the woods till dinner. They had hearty appetites for the bountiful feast spread before them. Mrs. Bauknight made an excellent chaperone and the children have chosen her as chaperone for their next picnic. About five o'clock the children decorated the wagon and their hats and left for town. This picnic was intended for Thanksgiving but was postponed on account of the weather. The crowd consisted of Mrs. J. Bauknight, Ethel Coppinger, Pearl Mangum, May Ford, Eufie Lang, Lula Cass, Aliene Smith, Florence Roberts, Ethel Leverett, Lelia McAnally and Jack Lewis, Nathan Cass, Marvin Beatty, Ed McCord, Wyatt Wolf, Syd Stidham, Alex Triggs, Kennard Robinson, Hugh Hefley and Charlie Beatty. for your old car?

Right now—this week—we can give it to you. Later on, in another week or two, we can't.

If you act now—you will have two things to be thankful for. You will own a new Super-Six, the six that leads all others in popularity, in volume of sales. And you will have bought it at a real bargain.

Leadership in quality has for years given Hudson-Essex outstanding public favor. And the growing volume has permitted economies passed on to buyers in price, far below any rival.

More than 1,000,000 Hudson-Essex cars in service, and this year the greatest sales in our history are simply the results of giving greater value than was ever offered at this price.

There can be no proof so convincing as the praise bestowed by Hudson-Essex owners, and the fact that these cars continue, as for years, the outstanding sales success of motordom.

Here is a chance to turn in your present car for more than it will ever be worth again. And—more important still—to own one of the first choice "Sixes," as proved by their sales leadership.

Founder of Famous 'Buckhorn Saloon' San Antonio Dies

San Antonio, Tex., Nov. 28.—Alfred Friedrich, founder of the Buckhorn saloon, one of the show-places of the Southwest, is dead. A cold, caught on a deer hunt, developed into pneumonia and Friedrich died yesterday. The Buckhorn saloon was founded 45 years ago. After prohibition it was changed into a curio store. The chief feature of the store was a magnificent collection of the heads and horns of deer and other animals.

Two-Minute Sermons

By REV. GEO. HENRY
Investigate and Interpret
Investigation is more important today than interpretation," says a learned theologian in current periodical. Of course he is speaking of the Holy Bible. Now if, after nearly two thousand years, this educator finds that the great demand of the day is for investigation, I should say that scholastic criticism has signally failed, and it is strange that the critic

can thus display his ignorance without being aware of it. What he means is that investigation has failed to adduce evidence sufficient to discredit the scriptures. Twenty centuries more of investigation and criticism will fail to shake the eternal Word of God. Inspired by the Holy Spirit, holy men of old spoke as the Spirit gave them utterance and the sentences that fell from their lips are true and beyond human wisdom to refute.

The ability to save money is a desirable trait, but the man who merely saves his money is of less value to the community in which he lives than the man who invests his money in local enterprises that help to build up the community and beautify it and make it a better place in which to make a home.

It is told that the wife of a certain gentleman went into a beauty parlor to get a wart removed, taking her husband with her. Approaching the specialist, she said: "Lady, I want this small wart removed." The specialist immediately took the husband by the arm and led him out.

Lubrication System of The New Ford Exclusive Make

The engine lubrication system of the new Model A Ford car is a combination of pump, splash and gravity feed which is an exclusive Ford development.

In design and in operation it is simple and positive and repeated tests have shown it to be ideally suited to this somewhat revolutionary type of four-cylinder, medium-speed, medium-compression motor.

The oil pump is located in the bottom of the crank-case and is run off a gear on the crankshaft. It is enclosed in a fine mesh wire screen thru which the oil filters before it is pumped up in to the valve chamber. The screen is surrounded by a shield so that the oil is pulled through it, rather than flowing in by gravity. The oil flows into the valve chamber in a continuous stream whenever the engine is running, but is in no sense a "forced" feed. It is rather the full load of the pump being delivered in a smooth, flowing stream. The principal purpose of delivering the oil to the valve chamber is to provide direct gravity feed lubrication to the bearings of the crankshaft. However, it also supplies exceptional lubrication for the valves, giving better and quieter action and by gravity to the front end camshaft bearing.

Small pipe openings lead down from the valve chamber to the crankshaft main bearings and oil flowing down these by gravity provides an abundance of lubrication. The bottom of the valve chamber is so arranged, thru the use of small, inbuilt dams to provide reservoirs of oil for each main bearing pipe opening.

As the engine rests in the chassis on a three-degree angle, sloping to the rear, the oil arriving in the valve chamber flows back, filling the first reservoir; then over the little dam, filling the second reservoir, and then over again to the third and last reservoir. From this point the overflow oil is carried by an external pipe down to the front end of the oil pan in the crankcase where it flows back over the pan, filling the troughs through which the connecting rods are lubricated and from which all other moving parts are sprayed by the splash system. From the pan the oil flows to the bottom of the case to be pumped back again.

This rather unique system of engine lubrication is responsible in large measure for the excellent performance of the motor at a wide range of speeds and under all climatic conditions. When the Model A car was in its experimental stages much of the road test work was done in midsummer, yet there never was a single instance of engine overheating.

Mrs. Chas. F. Green Hostess To Young Matrons Bridge

Using a colonial motif, Mrs. Chas. Frank Green entertained the Young Matrons' Bridge Club last Saturday afternoon at her home in Green Addition. Two tables of guests found their places with dainty score cards in colonial design, and at the conclusion of the games, Mrs. Eber Flinn was named winner of high score and received a hat stand. Mrs. Madison Ben Brooks of Sarasota, Fla., who was a guest for the afternoon, won low score favor, a box of talcum and was also remembered with a guest prize, an Italian cut work Bridge set.

Ruffled luncheon cloths typical of colonial days replaced the table covers used for the games and a salad course with hot tea was served the guests. A color scheme of blue and yellow prevailed in the service and also in the house decorations, where yellow chrysanthemums were used to advantage.

INDIGESTION

And Other Common Troubles Helped by Black-Draught.

"I think we owe the remarkable healthy record of our family to the use of Black-Draught," says Mrs. J. H. Luther, 514 W. Belknap St., Ft. Worth, Tex. "I was suffering from an attack of indigestion. Somebody recommended Black-Draught to me, and I got some and tried it. I felt so much better, after I had taken it, that I used it the next time I was sick, and then the next. I soon found it to be a dependable medicine to use for my family."

"Whenever the children had colds, or an upset stomach, I treated them with Black-Draught." Sold everywhere; 25c.

WHAT WE THINK

By FRANK DIXON

The Blandville pessimist says he doesn't read to learn. He reads in an effort to keep his mind off of what he already knows.

Mrs. Doleby's thoughts are always of another world where there will be no pleasure and where all will be quiet and sad together throughout eternity.

Waxie Darnier says it seems like poor judgment to marry a poor man, when there is so much more difference in cars than there is in men.

Some girls are sent to co-ed schools and some parents are content to get their sons in law in the home town.

Signs of Winter

Pigs knuckles and sauerkraut advertised in white lettering on the front of a quick meal restaurant. Overcoats hanging in the windows of the cleaning establishments. Longies waving from the clotheslines. Wax ladies in fur coats smiling from the shop windows. Shotguns and hunting jackets on display at the sporting goods stores. Bonfires from pyramids of dry leaves. Reports of "line's busy" on calls to the coal company.

Some people are so suspicious that they are afraid of you if you treat them right. They can't understand your motive.

Don't worry because your taxes are high. Remember that politicians must find public jobs for their poor kinfolk.

Not So Bad

Heard in a doctor's office this morning: "My boy, I'm afraid I have some bad news for you. You will never be able to work again." "Whatta ya mean, bad news?"

The only chop suey place in Peking has gone bankrupt, indicating that it probably had a very inferior jazz orchestra.

We say that the sameness of our lives is what hurts and yet we are not satisfied when there is a little change for the worse.

Our wife says we should have more confidence, but we have years of failure to back up our opinion of ourself. Rockdale has two of the quietest men that I ever knew. One of 'em is afraid of his wife and the other one is too lazy to make a noise.

Londoners dance to American jazz, drink American cocktails, and are now beginning to talk American. Let us hope they will never try to speak the language the way they imagine Americans do.

Home brew, flappers and jazz appeal to the modern youth as wine, women and song did to his dad.

Auntie has no children, so she will have no descendants to whom she can leave her bridge prizes.

The old fashioned man who used to say that we ought to see America first

now has a modern son who wants to see Canada first.

The girls used to grow up and wear long skirts—now they just grow up.

As pedestrians develop their jumping muscles we may expect fewer motor casualties at crossings. Heaven helps those who help themselves.

The fact that mail order houses are establishing branch stores might be taken as an indication that they are feeling themselves slipping. Evidently people are getting wise to the fact that the home town merchant is the cheapest, quality of goods considered.

Now that we are having so many dancing contests and beauty contests wonder why it wouldn't be a good idea to start a biscuit baking or dish washing contest.

Santa Fe Extension

There is no better indication of the development of the northern section of Texas, present and future, than the activities of the railroad companies in that part of the state. Following closely upon the purchase of the Orient road and the completion of other extension by the Santa Fe and the Denver lines, the Santa Fe is again asking for a permit to construct additional feeders. It now desires to extend from Seagraves, Gaines county thru Lea county, New Mexico, forty miles, then South for 26 miles. It is to be hoped that no obstacles may be thrown in the way of the fullest railroad development of that rich part of the State and the adjacent New Mexico territory.

San Antonio's Help Needed

It now seems to be entirely up to San Antonio as to whether the proposed Gulf and West Texas Railroad from Corpus Christi to San Angelo, is built. The towns along the line have done all that has been asked of them and San Antonio is being urged to subscribe for \$650,000 of 7 per cent preferred participating stock. With the stock capitalization, assurance has been given that bonds can be floated with which to fill in the necessary gaps to complete a line through San Antonio that would be the best trade feeder that city could have. The promoters of the road have been continuously at work for more than a year and are hopeful now that San Antonio will do its part to make the building a certainty.

Liberal Park Donation

Some Texans still do things in a big way. John Humphries, a Marfa real estate man, has donated 23,109 acres of land to the State of Texas for a state park. It is located 12 miles east of Presidio, where the Santa Fe will cross into Mexico, a section of rugged country, deep canyons and wonderful scenery. Those who have seen the ranch say it can, at comparatively small cost, be converted into one of the most attractive parks of the country, a resort of which Texans will always be proud.

Uvalde Pecan Show

The Uvalde pecan show was a revelation even to the pecan growers of the Uvalde section. The exhibition included many varieties of both the unimproved native pecans and the improved varieties. Much attention is being given to grafting and budding the best varieties of pecans on the native stock of that territory. Uvalde claims the distinction of being the largest pecan shipping point in the United States, the shipments for this year being expected to reach 40 car loads or about 1,500,000 pounds. Texas is just coming into a proper appreciation of the pecan industry.

Pecan Shelling Plant

The pecan shelling industry is changing from Chicago and St. Louis to Texas. Heretofore, except for a few large candy factories that have incidentally been shelling pecans, most of the Texas pecan crop has been shelled by a few concerns in Chicago and St. Louis. One of the largest of the Chicago concerns has incorporated a subsidiary company, known as the Texohola Pecan Shellers, Inc., of San Antonio, which will employ some 400

people. No doubt this will be followed by others, before many years Texas pecans will practically all be shelled in Texas and marketed from this state. Seventy per cent of the pecans in the country are grown in Texas and all these should be prepared for market here.

Diversified Farming

A Perryton farmer this year successfully raised more than 50 kinds of vegetables, fruits and field crops on his farm. He also has 400 head of sheep, 40 head of hogs, 10 horses and about 200 chickens. It would be a pretty safe bet that he has not been heard complaining about hard times on the farm.

Rockdale's Street Paving

The Cameron Enterprise has been twitting Rockdale about its poor streets. There may have been good reason for this in the past. Rockdale may have been a bit slower than some of its neighbors in getting started but it has started wisely with \$300,000 available for street improvements with which it expects to put in about 75 blocks of solid concrete street paving at a cost of \$1.98 a square yard, said to be the most advantageous paving contract ever made in Texas. Can Cameron or any other town the size of Rockdale beat this?

Slow Election Returns

The next legislature needs to do something to speed up election returns. But for the Texas Election Bureau, a private enterprise of the newspapers, Texans would not be able to learn the results of one election before another is on. Some 40 Texas counties have not yet made their reports to the Secretary of State, as expected, though it seems not as required by law.

Dairying Versus Preaching

A Baptist preacher at Bryan has "seven Jersey cows on the city grounds" whatever that may mean that produced 258 pounds of butter

luring October, 10 pounds of which was used by the family and the balance sold for \$148.00. That is one preacher who does not seem to be independent on the generosity of the congregation when the hat is passed.

Assessors Approve Big Bonds

The tax assessors of Texas at their Austin convention approved a \$350,000,000 Statewide road bond issue, as proposed by R. S. Terling, chairman of the State Highway Commission. While it has not been submitted to the voters for approval, there is already much discussion of the proposal, and strong opposition is being shown to it in some sections. The legislature will doubtless be asked to submit a constitutional amendment to the voters to permit such a bond issue. Road-building will be one of the most important matters before the next legislature and many roadbuilding plans will be presented.

Holding Dairy Schools

Plans are being made to hold 11 dairy schools in Harrison county at community school houses. Dairying is comparatively a new industry in Texas and a close study should be made to enable dairymen to produce the most and the best milk products at the lowest cost. Any business worth doing is worth doing in the best possible way.

Borden Milk Plant

The most significant recognition of the importance of dairying in Texas is shown in the plans of the Borden Company to construct at Waco a milk plant to cost a half million dollars and that will have an initial capacity of 150,000 pounds of milk a day. The Borden company is said to be the largest manufacturer of processed milk in the United States.

Man Power and
Electric Power
Vital Factors in
the Growth of
Texas

THE GREATEST FACTOR in Texas' growth is her native Man Power. Without great men there can be no great work, no great good and no great State. The vision and power of Stephen F. Austin laid the foundation of Texas. Following in his footsteps have come thousands of great Texans, the impress of whose courage and daring has inspired other hundreds of thousands in the building of a mighty empire.

One of the chief attributes of great Man Power is the realization of its own limitations. So Texas Man Power long ago made an ally of Electric Power, thereby multiplying its own efficiency and capacity by many thousand-fold.

Man Power and Electric Power have been the two most vital factors in the development of Texas. Sixteen years ago a group of Texas men founded the TEXAS POWER & LIGHT COMPANY for the purpose of serving Texas cities and towns with electric service by a system of high-tension power transmission lines over which electric power could be sent great distances from large generating stations. This system of electric power service is the proven modern method of serving progressive American cities and towns. Texas communities served by the TEXAS POWER & LIGHT COMPANY have unexcelled electric service.

Lesson for December 9

PAUL GOES TO ROME

LESSON TEXT—Rom. 1:8-15; Acts 17:1-28:31.
GOLDEN TEXT—I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth.PRIMARY TOPIC—Paul and a Storm at Sea.
JUNIOR TOPIC—Paul's Voyage to Rome.

INTERMEDIATE AND SENIOR TOPIC—Paul Makes the Most of Circumstances.

YOUNG PEOPLE AND ADULT TOPIC—Divine Leadership in Paul's Life.

I. Paul's Longing to See the Romans (1:8-15).

Rome was the center of the world's power and influence. Paul longed to visit that metropolis with the gospel so that it might find its way from that center to all parts of the world. He had a twofold object so far as the Roman church was concerned.

1. That he might impart unto them some spiritual gift to the end that they might be established.

2. That he might be comforted by their fellowship. There is a reciprocal relationship between the minister and the people unto whom he ministers.

II. Paul's Voyage to Rome (Acts 27).

1. The ship (vv. 1-6).
It was a vessel of Alexandria sailing from Myra to Italy.

2. The company (vv. 1, 2).

Two of Paul's friends, Aristarchus and Luke, were permitted to go with him. Besides these three, there were two hundred and seventy-three in the ship (v. 37).

3. Overtaken by a storm (vv. 7-20).

Paul had advised that they winter in Fair Havens (vv. 9-12), but his advice was unheeded. The gentle south wind deceived them so they loosed from Crete, only to be overtaken by the tempestuous wind called Euroclydon.

4. Paul's serene faith (vv. 21-26).

(1) His rebuke for failure to heed his advice (v. 21).

(2) Pledges them of good cheer (v. 22).

(3) He promised safety (v. 22).

(4) The source of his information (vv. 23, 24). It was revealed unto him by the angel of God.

(5) The reason for Paul's faith (v. 23).

"Whose I am and whom I serve."

The consciousness of having been chosen by God and being engaged in His service enables one in the midst of the most violent storm to rest in God.

5. The ship's crew all safe on land (27:27-28:10).

This was exactly as the Lord had said.

(1) The hospitable reception by the natives (28:2).

They built a fire and made the shipwrecked people as comfortable as possible in the cold and rain.

(2) Paul gathering sticks for the fire (v. 3).

(3) Paul bitten by a poisonous serpent (v. 3). Among the sticks gathered there was a serpent. Perhaps it had already coiled itself up for its winter's sleep, but when warmed by the fire it darted at Paul and fixed its fangs upon his hand. At first the natives thought that he was an escaped murderer and that retributive justice was being meted out to him. When they saw he was unharmed they concluded he was a god.

(4) Paul heals Publius' father (vv. 7-10). Paul now reciprocated the kindness of these people.

III. Paul's Arrival at Rome (28:11-16).

Brethren from Rome came some forty miles to meet him. This greatly encouraged him, for which he gave thanks to God. His desire to preach the gospel at Rome was now realized. He was treated with great leniency, being allowed to hire a house and live apart, except that he was constantly under the guard of a soldier. Being chained to a soldier was irksome, but it gave him a chance to preach to the soldiers, which he could not have done in any other way.

IV. Paul's Ministry in Rome (vv. 17-31).

1. His conference with the leading Jews (vv. 17-22).

He did not, as usual, wait for the Sabbath day to speak to the Jews, but after three days' rest he called the chief Jews together because of a desire to have a fair understanding with them. The result of this interview was that the Jews took neutral ground.

2. Paul expounding the Kingdom of God and persuading concerning Jesus (vv. 23-31).

He pointed out a real kingdom, the Messianic Kingdom, with the historic Jesus as King.

Prayer

Prayer is the great lever of the spiritual life; may, to speak in various figures, it is the lung by which it breathes, it is the atmosphere in which it floats, the wing by which it speeds its flight, and the language by which it daily communes with its own Original.—W. Knight.

The Richest

He is richest who possesses most of the mind that was in Christ Jesus.—Scott's Methodist.

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy in the new Ford through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well fitted to lubricate the new Ford and he will do a good, thorough job at a fair price.

Register Your Car Beginning December 1

License plate numbers are now ready and cars and trucks may be licensed beginning DECEMBER 1.

The state law makers were wise in this provision as December 1 makes it possible for autos to be registered at a time when other tax payments are slack. In the latter part of December the time is too limited to delay.

Cars cannot be operated legally after January 1, 1929 if not found to have a new license plate.

The office of the Tax Collector is now ready to serve the people of the county in this important matter and we welcome them. Early registration will enable the office to give better service and satisfaction to you because you will have the important matter over with.

Be sure to bring with you a headlight certificate as this must accompany all applications for registration.

All applications for license plates to be sent by mail must be accompanied by postage, 9c being required for each set of plates.
